MuxLab Introduces Two New Products for the AV Market

MuxLab Inc (www.muxlab.com), designer and manufacturer of security video and audio-video connectivity solutions for copper twisted pair, announces its latest addition to its AV connectivity portfolio..... **The Active VGA/Audio Balun Kit (500145, 500146, 500147).**

The Active VGA/Audio Balun Kit (500145) allows VGA and stereo or digital audio to be transmitted via cost-efficient unshielded copper twisted cable in a point-to-point configuration. The product also supports RS232, is DDC compliant and works in conjunction with MuxLab's IR-Emitter (500998) and IR Sensor (500999) to support IR source control. Tx and Rx also sold separately. The product supports up to 1920 x 1200 resolution and features manual brightness, sharpness and skew adjustments.

Features & Benefits Include:

MuxLab Links

For:

CCTV and CATV Distance
Calculators

A&E for CCTV

Visio Stencils
